National HouseCheck launches home inspection services for Dallas/Ft. Worth Metroplex

BOISE, Idaho, Thursday, August 29, 2019 – National HouseCheck Corporation has announced the launch of home inspection services across the Dallas/Fort Worth Metroplex. The move follows HouseCheck’s recent acquisition of Fort Worth’s Green Tag Inspection Services and expands HouseCheck’s Texas footprint, which includes services in Austin, Houston and San Antonio.

“We are happy for the opportunity to extend HouseCheck services into more Texas communities,” says HouseCheck President and COO, Bill Klehm. “HouseCheck’s reputation for quality and innovation has fueled confidence in our brand and is driving our ability to expand. We are proud to have the support of so many in Texas, and we look forward to serving our new neighbors throughout the state and across the country.”

With the recent acquisition of Green Tag Inspection Services, HouseCheck welcomes a professional and experienced team of local home inspectors set to immediately support the thriving Dallas/Fort Worth real estate community. The HouseCheck team is currently providing home, termite, stucco, septic and mold inspections for home buyers and sellers throughout the Metroplex, and looks to integrate more of HouseCheck’s signature services in the coming months.

“I am very excited to merge with a top notch organization that will remain focused on providing the best services available and take home inspections and home services to the next level,” says Kent Keith, Owner of Green Tag Inspections. “Homeowners and their homes will greatly benefit from HouseCheck’s level of service, innovation and forward thinking and real estate professionals will be confident knowing their clients are in the best hands.”

Founded in Boise in 2016, National HouseCheck began its nationwide expansion effort in February of this year with its entry into the Austin, Texas market. The Dallas/Fort Worth Metroplex marks HouseCheck’s fourth service territory in the state and, with a population of more than 7.5 million, is among its largest territories to date.

More information about HouseCheck services available in Dallas/Fort Worth may be found at <https://housecheck.com/local/dallas-fort-worth-tx/>
